# As individual as you are

Krono Original®. The clue is in the name. This is flooring that works for individuals, it's the choice of people who prefer to make a style statement that's all their own. Krono Original® has distinctive presence, it creates the defining baseline of your interior with beauty and originality. Take your pick from an inspiring collection of beautifully reproduced wood grains and characterful stone effects. With Krono Original® your look is very easy to achieve, very simple to care for and very, very you.

# Beauty in depth

Krono Original® is all about breaking the mould and challenging convention. That's why the beauty of these designs is far more than skin deep. So for instance, you'll love the way the 1clic2go system makes fitting Krono Original® simple and satisfying. And Aquastop moisture protection means your floor keeps its good looks through the years. With Krono Original®, beautiful innovation runs right through.

## Guarantee

All Krono Original® laminate floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we give you an extensive guarantee with every product. You can rest assured that, whatever range you choose, it's going to be easy to maintain and will give you enjoyment for many years to come.

## Stain and imprint resistant

Whatever you might spill, be it red wine, oil or jam, don't panic; it can be easily removed. Krono Original® is also abrasion resistant, robust and proven to be one of the most resistant floorings available, even heavy furniture won't leave an imprint (ideally, castors and furniture legs should be protected with felt pads).

## Twin Clic

The Krono Original® Twin Clic system has been specifically designed to make fitting your laminate flooring as easy and hassle free as possible. With Twin Clic, the self aligning tongue and groove profile allows individual panels to be joined together quickly with minimal tools or complications.

## 1clic2go

Our 1clic2go system simply clicks together for easy installation, especially in hard to reach areas like radiators and doorways. To show that the panel has been correctly installed, you'll hear a click when the end section connects. High stability prevents joints from coming open.

## Fold Down locking system

The Fold Down locking system gives you quick, easy and clean installation. Our revolutionary optimised profile geometry has high locking strength ensuring it can withstand extreme tensile forces and seasonal changes in weather.

## Multi Patent Indemnity

Enjoy 100% security with multiple patent protection! In addition to the Kronoflooring patents, this Multi Patent Indemnity certificate provides extensive protective rights for VALINGE INNOVATION AB International and UNILIN patents worldwide. This involves assured, unrestricted product use of the glue-free click system for the trade.

## A.B.C. Anti Bacterial Coating

We know that keeping your floor as clean as possible will be important to you and that means minimising the risk from germs. We can't see germs, but we all know the problems they can cause if left unchecked. Allergies can be aggravated and illness can result, which is why Krono Original® has introduced A.B.C., Anti Bacterial Coating that does not allow for germs to grow on your flooring. Germs can be present on a floor from many sources such as shoes, spills or animals etc, but Krono Original® A.B.C. Anti Bacterial Coating, works alongside a hygienic cleaning regime, to create peace of mind and a healthy environment.

## Handscraped

A breathtakingly elegant and realistic oiled wood finish, with gentle irregular undulations, inspired by traditional Amish craftsmanship. The soft matt surface replicates the hardwood area of solid flooring gently polished over time due to footfall. Meanwhile the deep matt pores are highlighted with glossy accents.

## Eco Friendly

All Krono Original® floors are environmentally friendly as standard made of 95% wood sourced from sustainably managed forests. What's more, the entire production chain – from raw materials to the finished product – has been certified and is regularly inspected by independent experts, ensuring peace of mind for you – and protection of our environment.

From highly acclaimed decors to clever click-into-place fitting, Krono Original® boasts the very latest in innovative features and top quality specifications.

# Feels as good as it looks

You can have it both ways. On the one hand you enjoy the tactile aesthetic of superbly reproduced natural textures, yet with none of the drawbacks of a real wood floor. The Krono Original® Authentic Embossed / Living Pore range gives you the look and feel you'll love, plus the convenience and advantages of a high quality, 21st century laminate material.

## Surface textures

A Krono Original® floor is a joy to live with. Our stylish portfolio of surface textures is created for long-lasting comfort and good looks. Above all, Krono Original® floors are beautifully simple to keep clean, just a quick wipe whisks away allergy-causing dirt and dust.

**Decor:**

## Narrow planks, full of character.

Appearance with texture is one of today's key interior design drivers; added dimension gives more individuality, more character, more atmosphere. This sets the appeal in a narrow board format, for yet more latitude to create your difference and your unique style statement. The result is an easy fit, easy care floor that replicates a true timber ambience, with none of natural wood's drawbacks.
